## National Terrorism Advisory System

# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 01/22/21 at 1100 hours:**

- 98,353,744 (+791,179) total confirmed cases in 219 countries and territories.
- 2,106,818 (+16,571) total deaths.

### **Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 01/22/21 at 1000 hours:**

- 24,512,618 (+188,772) total confirmed cases.
- 408,697 (+4,008) total deaths.

### **Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 01/22/21 at 1100 hours:**

- 3,062,068 (+23,024) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

# **SITUATION SUMMARY**

## **Cal OES INLAND REGION**

- Nothing significant to report.

## **Cal OES COASTAL REGION**

- Nothing significant to report.

## **Cal OES SOUTHERN REGION**

- Nothing significant to report.

## **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the November 13, 2020 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

# CALIFORNIA 911 SYSTEM

## California 911 Outages

Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 9-1-1 Outage/Remote/Community Isolation

#### Community Isolation, Acton, Los Angeles County (Final/Cancel)

On 01/22/21 at 0221 hours, AT&T Mobility has reported a Community Isolation that began on 01/14/2021 affecting Wireline users in Acton, CA (93510). There have been numerous updates.

- Time Outage Started: 01/14/21, 1000 hours
- Time Outage Reported: 01/14/21, 1042 hours
- Time of Resolution/Restoration: 01/22/21 1254 hours
- Total Outage Time: 8 days 2 hours 12 minutes
- Jurisdiction Affected: Acton, CA
- Reason For Outage: High winds and PSPS
- Wireless Users Impacted: No
- Wireline Users Impacted: Yes, 0
- VoIP Users Impacted: No

#### Community Isolation, Rolling Hills Estates, Los Angeles County (Final/Cancel)

On 01/22/21 at 0307 hours, Cox Communications has reported a Community Isolation affecting 1,143 VoIP users in Rolling Hills Estates (Los Angeles County), CA (zip code: 90274). Due to the decrease number from 1,143 to 450 VoIP users, it is now below the reportable threshold and therefore, no longer a reportable outage.

- Time Outage Started: 01/22/21, 0147 hours
- Time Outage Reported: 01/22/21, 0237 hours
- Time of Resolution/Restoration: TBD
- Total Outage Time: TBD
- Jurisdiction Affected: Rolling Hills Estates, CA
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline Users Impacted: No
- VoIP Users Impacted: Yes, 450 Users

# **CALIFORNIA 911 SYSTEM**

## **9-1-1 Outage/Remote/Community Isolation (Continued)**

### **Community Isolation, Rolling Hills Estates, Los Angeles County (Final/Cancel)**

On 01/22/21 at 0316 hours, Cox Communications has reported a Community Isolation affecting 1,014 VoIP users in Rolling Hills Estates (Los Angeles County), CA (zip code: 90275). Due to the decrease number from 707 to 534 VoIP users, it is now below the reportable threshold and therefore, no longer a reportable outage.

- Time Outage Started: 01/22/21, 0147 hours
- Time Outage Reported: 01/22/21, 0238 hours
- Time of Resolution/Restoration: TBD
- Total Outage Time: TBD
- Jurisdiction Affected: Rolling Hills Estates, CA
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline Users Impacted: No
- VoIP Users Impacted: Yes, 534 Users

### **Service Interruptions**

- None reported

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Sunday will be the start of the new system moving into the area which will bring rain, snow, and gusty winds to the area which will persist through Thursday.
- Wednesday will see the peak in precipitation for a potential of flash flood and debris flows.

## **SOUTHERN CALIFORNIA**

- Sunday will be the start of the new system moving into the area which will bring rain, snow, and gusty winds to the area which will persist through Thursday.
- Wednesday will see the peak in precipitation for a potential of flash flood and debris flows.

**Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

**Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**01/23/21 - 01/29/21**

## **Saturday**

- Periods of mainly light rain and higher elevation snow expected across southern California through tonight
  - Snow levels around 4,000 feet, with precipitation totals of one-tenth to one-half inch
  - A few thunderstorms also possible across southern California, which could produce locally heavier totals
  - No significant debris flow concerns with the expected rain

## **Sunday-Tuesday**

- Multiple additional storms will impact much of the state late in the weekend through much of next week
- A cold storm system will arrive Sunday into Monday, bringing gusty winds, rain, and mountain snow to many areas.
  - The heaviest precipitation with this system looks to occur across southern California, where some localized debris flows could develop near recent burn scars
  - Accumulating snow will lead to travel impacts in the mountains, and snow levels could drop down to 2,000-3,000 feet
    - These lower snow levels could impact areas less accustomed to winter precipitation across portions of southern California
      - Portions of the I-5 corridor, including over the Grapevine, could be affected

## **Tuesday Night - Friday**

- A third and much wetter storm will bring widespread precipitation to much of the state Tuesday night through Friday, some of it heavy at times
  - Snow levels will be lowering through the middle of the week, with many burn scars potentially seeing more snow than rain, but debris flows could develop on some burn scars if snow levels become higher mid-to-late week
  - Strong, gusty winds also possible Wednesday into Thursday
  - Significant travel impacts are possible in the mountains and foothills starting Tuesday night due to heavy accumulating snowfall

# CALIFORNIA WEATHER IMPACTS

01/23/21 - 01/29/21
